2017-2018

## EXPERIENCE

---

### Frontend developer intern

Jan 2024 - April 2024

Wappzo Infotech Pvt. Ltd

Navsari, Gujarat

- Utilized frontend frameworks and libraries such as React.js, Next.js, and Bootstrap to streamline development processes and enhance user experience.
- Ensured cross-browser compatibility and responsive design to optimize websites for various devices and screen sizes.
- Proficient in version control systems like Git for efficient collaboration and code repository management.

### Web developer intern

July 2023 - Aug 2023

Meshdroid Technology

Navsari, Gujarat

- Built responsive and visually appealing web interfaces using HTML, CSS, and JavaScript.
- Experienced in JavaScript programming, including ES6 syntax, DOM manipulation, and event handling, to create interactive and dynamic web application.

## PROJECTS

---

### [TextUtil](#) | React, Next.js, Bootstrap, JavaScript, HTML5, CSS3

- Developed a frontend web application using ReactJs and designed user interface using Bootstrap.
- Implemented features such as word and character count, text case conversion, and whitespace removal to enhance user productivity.

### [Todo-list](#) | React, Bootstrap, JavaScript, HTML5.

- Developed a user-friendly To-Do List application using React.js, allowing users to efficiently add, edit, delete, and mark tasks as complete.

### [NewAunty](#) | React, Next.js, Bootstrap, JavaScript, HTML5, CSS3

- Designed and implemented a user-friendly and responsive interface using Bootstrap, ensuring a seamless experience across desktops, tablets, and mobile devices.
- Optimized the application's performance by employing efficient state management techniques with React hooks and context API, resulting in improved load times and user experience.
- Integrated the NEWS API to dynamically fetch and display relevant news topics based on user input, ensuring seamless data handling.
